FUN!

The International Star Trek Fan Association, Inc.

WHAT IS STARFLEET?

STARFLEET is the international organization whose members are united all over the planet in their appreciation of STAR TREK. Across the planet, hundreds of chapters link thousands of members into local fandom and central organization.

As a member of **STARFLEET** you will receive a membership packet containing the basic supplies you need to get started on your course to becoming a more active member in a local chapter.

In addition, you will receive a subscription to the **STARFLEET COMMUNIQUE**; the bi-monthly newsletter published by and for members of **STARFLEET**. The **COMMUNIQUE** will show you what chapters around the world are doing to have fun and promote Star Trek in their communities AND allow you a forum to do the same with YOUR chapter!

Annually, **STARFLEET** awards cash scholarships to deserving members. This is yet another way of saying "thanks" for trying to help make our world a little more like the one envisioned by the late Gene Roddenberry.

STARFLEET ACADEMY is a correspondence based option to those who are more interested in the world of *STAR TREK* and **STARFLEET** itself. Here you will find fictional and real world courses for your enjoyment. **STARFLEET ACADEMY** is also useful if your **STARFLEET** career includes becoming an officer in the organization and/or running your very own **STARFLEET** chapter.

If this sounds like something you'd be interested in, please use one of the contact methods below...

WHAT IS ShOC?

ShOC is an acronym for *Shuttle Operations Command*. This division of **STARFLEET** is there to help new groups grow and develop into full fledged chapters. The ShOC Staff are there to help you with ideas on recruiting and other aspects of getting a new group off the ground.

EFCP is an acronym for *Existing Fan Club Program* and is designed for groups that already exist, but are not a part of **STARFLEET**. They come in under the ShOC division, but can progress much quicker when they qualify to become a full chapter.

SHUTTLES are chapters in training of **STARFLEET**: The International Star Trek Fan Association Inc. These groups are in the process of going through the shuttle program. These shuttles can hold meetings, sponsor events, support charities and the like. Some Shuttles choose to hold gaming sessions or write fan fiction.

CORRESPONDENCE groups mainly operate through mail correspondence, either through the postal service or by way of emails. The members can write articles, do webpages or graphics to benefit the group and those are just a few of the many things that can be done.

MEETING Chapters usually have regular club meetings and activities and get involved with their community on a face-to-face basis.

DON'T HAVE A CHAPTER IN YOUR AREA?

You can **START YOUR OWN CHAPTER** in just a few easy steps.

WHY WOULD I WANT TO START A CHAPTER?

There are many reasons that folks start new chapters such as:

- ▲ Meeting new friends with like interests
- ▲ Exploring new frontiers
- ▲ Expanding your experiences
- ▲ Role-Playing
- ▲ Costuming ventures
- ▲ NASA and Space Science Interests
- ▲ Conventions
- ▲ Science Fiction interests
- ▲ National organization structure
- ▲ Fun, Fun and MORE FUN!!!

FOR MORE INFO...

Please tell us a little bit about yourself and your interests. Then, simply detach this side at the dashed line and mail to one of the addresses listed in this brochure.
